As a nominated player, it is important that you understand and can commit to the training requirements for the 2021 Zonals Age Group Squad and the key events we are preparing for.

Actions will be taken if players were to miss training without valid reasons.

After reviewing these commitments dates carefully, please complete the following, noting any issues with availability (e.g. exams) during the period advised. If you are unable to commit to the trainings, please inform the selectors as you may deprive someone else of a place in the team.

To the best of my knowledge, I am available for all trainings noted.

I have an availability issue with the following dates or fixtures (please give brief reasons).

Safety Measures for Selection Trials

Players can only attend the selection according to the time slot assigned to them. They will each be given 15 minutes of game time (on rotational basis) to play in a 4 versus 4 format for this selection. Players will be required to keep their masks on till they enter the court. All selectors, umpires and staff will be stationed 2m distance away from the court line while the selection is ongoing.

After the selection, they are required to mask on and leave the venue immediately. All balls will be disinfected before the next group enters.

Safety Measures for Training

Teams will be split into two groups of 8. The first group will train for an hour and leave the venue before the second group enters. Coaches will maintain a 2m distance from the court while coaching. Players are not allowed to intermingle between groups after training and are required to leave the venue after training.
